The Honorable Mayor and Borough Council
Bridgewater Borough
Beaver County
Bridgewater, PA 15009

We have conducted a compliance audit of the Bridgewater Borough Non-Uniformed Pension Plan for the period January 1, 2016 to December 31, 2019. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit.

- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- We determined that there were no employee contributions required by the plan's governing document and applicable laws and regulations for the years covered by our audit period.
- We determined that there were no benefit calculations prepared for the years covered by our audit period.
- We determined whether the January 1, 2017 and January 1, 2019 actuarial valuation reports were prepared and submitted by March 31, 2018 and 2020, respectively, in accordance with Act 205 and whether selected information provided on these report is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.

The Bridgewater Borough Non-Uniformed Pension Plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. PMRS issues a separate Comprehensive Annual Financial Report, copies of which are available from the PMRS accounting office. PMRS's financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Borough officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Bridgewater Borough Non-Uniformed Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objective.

The results of our procedures indicated that, in all significant respects, the Bridgewater Borough Non-Uniformed Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Failure To Maintain An Adequate Record-Keeping System To Ensure Effective Control Over Pension Plan Assets

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Bridgewater Borough and, where appropriate, their responses have been included in the report. We would like to thank borough officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a 2 percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Bridgewater Borough Non-Uniformed Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 15 - Pennsylvania Municipal Retirement Law, Act of February 1, 1974
(P.L. 34, No. 15), as amended, 53 P.S. § 881.101 et seq.

The Bridgewater Borough Non-Uniformed Pension Plan is a single-employer cash balance pension plan locally controlled by the provisions of Ordinance No. 447, and a separately executed plan document effective January 1, 2011, adopted pursuant to Act 15. The plan was established January 1, 2000. Active members are not required to contribute to the plan. The municipality is annually required to contribute \$2,300 per participant. As of December 31, 2019, the plan had two active members, no terminated members eligible for vested benefits in the future, and no retirees receiving pension benefits.

BRIDGEWATER BOROUGH NON-UNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Failure To Maintain An Adequate Record-Keeping System To Ensure Effective Control Over Pension Plan Assets

Condition: The borough’s record-keeping system did not provide effective control over the transactional activity of the non-uniformed pension plan during 2019. Municipal officials were unable to furnish annual financial statements or custodial account transaction statements for the non-uniformed pension plan. These annual financial and account statements have historically been provided by the plan’s custodian, PMRS. However, as of the date of this report, annual financial and accounting statements summarizing the pension account activity have not been provided for the year 2019.

Criteria: An adequate system of accounting and record keeping is a prerequisite for sound administration of pension plans. In addition, assets held in a custodial account for the purpose of plan management are to be governed by the terms and provisions of the account contract, provided that the terms and provisions of the contract are within the parameters of all prevailing pension legislation. Although the municipality may contract with a trustee to administer the financial management of the plan, the fiduciary responsibility for the plan remains with the municipality.

Cause: Municipal officials indicated that the plan’s custodian, PMRS, failed to provide copies of the custodial account transaction statements summarizing activity of the pension plan account for the year 2019. In addition, municipal officials did not maintain a separate detailed accounting of pension plan transactions, which, among other things, helps assure the production of proper financial statements to effectively monitor the annual activity of the pension plan.

Effect: Although we were able to obtain alternate documentation from the municipality to evidence the propriety of the individual transactions tested during the performance of the audit for the year 2019, the failure to maintain annual financial and/or account transaction statements prohibits municipal officials from effectively monitoring the plan’s financial operations. Additionally, inadequate monitoring of the pension plan account could lead to undetected errors or improprieties in account transactions as well as deficiencies in authorizing and implementing pension plan policies and procedures.

Recommendation: We recommend that municipal officials contact the plan custodian and obtain annual financial statements of the custodial account of the non-uniformed pension plan for the year 2019 to ensure the accuracy and propriety of the transaction activity. In addition, we recommend that municipal officials establish and maintain a financial record-keeping system that allows the municipality to effectively monitor the plan’s financial operations, even in the absence of statements from the plan custodian. Municipal officials should refer to the Auditor General’s Bulletin No. 2-88 entitled “Preparation, Maintenance and Auditability of Financial Records,” for further guidance in establishing adequate accounting and record-keeping procedures.

BRIDGEWATER BOROUGH NON-UNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

Management's Response: Municipal officials agreed with the finding and stated that they have tried to contact PMRS for the statements but they were not yet available.

Auditor's Conclusion: PMRS has indicated that they are in the process of preparing 2019 Year-End Financial Activity Reports and Annual Member Statements for all municipalities. PMRS has also indicated that they recently went through a substantial upgrade to the plan administration software and implemented a new accounting system. This transition in addition to disruptions in normal government operation due to COVID-19 has resulted in a three to four month delay in the 2019 year-end reporting process. Compliance with the finding recommendation will be evaluated during our next audit of the plan.
