AUDITOR GENERAL**

Board of Township Supervisors
Leacock Township
Lancaster County
Intercourse, PA 17534

We have conducted a compliance audit of the Leacock Township Non-Uniformed Pension Plan for the period January 1, 2016 to December 31, 2019. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report, we inquired of plan officials and evaluated supporting documentation provided by officials evidencing that the suggested corrective action has been appropriately taken. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit. State aid allocations that were deposited into the pension plan for the years ended December 31, 2014 to December 31, 2019, are presented on the Summary of Deposited State Aid and Employer Contributions.
- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation. Employer contributions that were deposited into the pension plan for the years ended December 31, 2014 to December 31, 2019, are presented on the Summary of Deposited State Aid and Employer Contributions.
- We determined that there were no employee contributions required by the plan's governing document and applicable laws and regulations for the years covered by our audit period.
- We determined whether retirement benefits calculated for the plan member who previously vested and elected to receive a lump-sum distribution during the current audit period represent payments to all (and only) those entitled to receive them and were properly determined and disbursed in accordance with the plan's governing document, applicable laws, and regulations by recalculating the amount of the pension benefits due to the retired individual and comparing these amounts to supporting documentation evidencing amounts determined and actually paid to the recipient.
- We determined whether the January 1, 2017 and January 1, 2019 actuarial valuation reports were prepared and submitted by March 31, 2018 and 2020, respectively, in accordance with Act 205 and whether selected information provided on these reports is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.
- We determined whether the terms of the plan's unallocated insurance contract, including ownership and any restrictions, were in compliance with plan provisions, investment policies, and state regulations by comparing the terms of the contract with the plan's provisions, investment policies, and state regulations.

Leacock Township contracted with an independent certified public accounting firm for annual audits of its financial statements prepared in conformity with the accounting practices prescribed or permitted by the Department of Community and Economic Development of the Commonwealth of Pennsylvania, which are available at the township's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Leacock Township Non-Uniformed Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objectives.

The results of our procedures indicated that, in all significant respects, the Leacock Township Non-Uniformed Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Failure To Implement Mandatory Provisions Of Act 205

The contents of this report were discussed with officials of Leacock Township and, where appropriate, their responses have been included in the report. We would like to thank township officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a 2 percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Leacock Township Non-Uniformed Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 69 - The Second Class Township Code, Act of May 1, 1933 (P.L. 103, No. 69), as reenacted and amended, 53 P.S. § 65101 et seq.

The Leacock Township Non-Uniformed Pension Plan is a single-employer defined contribution pension plan locally controlled by the provisions of a resolution dated October 4, 1988, as amended, adopted pursuant to Act 69. Active members are not required to contribute to the plan. The municipality is required to contribute 6.5 percent of the previous year's gross pay, excluding any overtime. As of December 31, 2019, the plan had eight active members.

LEACOCK TOWNSHIP NON-UNIFORMED PENSION PLAN
STATUS OF PRIOR FINDING

Compliance With Prior Recommendation

Leacock Township has complied with the prior recommendation concerning the following:

- Incorrect Data On Certification Form AG 385 Resulting In An Underpayment Of State Aid

During the current audit period, municipal officials complied with the instructions that accompany Certification Form AG 385 and accurately reported the required pension data.

LEACOCK TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Failure To Implement Mandatory Provisions Of Act 205

Condition: During the prior engagement, a verbal observation was issued to plan officials notifying them of the passage of Act 44 of 2009, which effectively amended Act 205 for the procurement of professional services contracts, and recommending that the township adopt the mandatory provisions, accordingly. However, during the current audit period, the municipality again failed to adopt such mandatory provisions.

Criteria: Section 701-A of Act 205, as amended by Act 44, defines a “Professional Services Contract”, as follows:

“Professional services contract.” A contract to which the municipal pension system is a party that is:

- (1) for the purchase or provision of professional services, including investment services, legal services, real estate services and other consulting services; and
- (2) not subject to a requirement that the lowest bid be accepted.

In addition, Section 702-A (a) of Act 205 states in part:

Each municipal pension system ... shall develop procedures to select the most qualified person to enter into a professional services contract. The procedures shall ensure that the availability of a professional services contract is advertised to potential participants in a timely and efficient manner. Procedures shall include applications and disclosure forms to be used to submit a proposal for review and to receive the award of a professional services contract.

Additionally, Section 702-A (c), (e), (f), and (h) state, in part:

Review. Procedures to select the most qualified person shall include a review of the person’s qualifications, experience and expertise and the compensation to be charged.

Conflict of interest. The municipal pension system shall adopt policies relating to potential conflicts of interest in the review of a proposal or the negotiation of a contract.

Public information. Following the award of a professional services contract, all applications and disclosure forms shall be public except for proprietary information or other information protected by law.

LEACOCK TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

Notice and summary. The relevant factors that resulted in the award of the professional services contract must be summarized in a written statement to be included in or attached to the documents awarding the contract. Within ten days of the award of the professional services contract, the original application, a summary of the basis for the award and all required disclosure forms must be transmitted to all unsuccessful applications and posted on the municipal pension system's Internet website, if an Internet website is maintained, at least seven days prior to the execution of the professional services contract.

Section 703-A (c) states in part:

Upon advertisement for a professional services contract by the municipal pension system, the contractor may not cause or agree to allow a third party to communicate with officials or employees of the municipal pension system except for requests for technical clarification.

Cause: Plan officials failed to establish adequate procedures to ensure compliance with provisions of Act 205 as previously recommended.

Effect: The township's failure to adopt the required provisions stipulated in Act 205 regarding the procurement of professional investment and advisory services for the pension plan could result in a general lack of overall transparency of the proposed actions to be taken by plan officials relative to the awarding of future investment and advisory service contracts for the plan.

Recommendation: We recommend that municipal officials obtain a comprehensive understanding of Act 205 provisions for the procurement of professional services and develop and implement formal written procedures to ensure compliance with these provisions which should include the maintaining of appropriate and sufficient supporting documentation evidencing every phase of the process to ensure the transparency of the actions taken by plan officials relative to the awarding of any future professional services contracts for its pension plan.

Management's Response: Municipal officials agreed with the finding without exception.

Auditor's Conclusion: Compliance will be evaluated during our next audit of the plan.

LEACOCK TOWNSHIP NON-UNIFORMED PENSION PLAN
SUMMARY OF DEPOSITED STATE AID AND EMPLOYER CONTRIBUTIONS

Year Ended December 31	State Aid	Employer Contributions
2014	\$ 23,236	\$ 497
