EUGENE A. DEPASQUALE AUDITOR GENERAL

Board of Commissioners Municipality of Mount Lebanon Allegheny County Pittsburgh, PA 15228

We have conducted a compliance audit of the Municipality of Mount Lebanon Money Purchase Pension Plan for the period January 1, 2016 to December 31, 2018. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with the standards applicable to performance audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit. State aid allocations that were deposited into the pension plan for the years ended December 31, 2014 to December 31, 2018, are presented on the Summary of Deposited State Aid and Employer Contributions.

- · We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation. Employer contributions that were deposited into the pension plan for the years ended December 31, 2014 to December 31, 2018, are presented on the Summary of Deposited State Aid and Employer Contributions.
- We determined that there were no employee contributions required by the plan's governing document and applicable laws and regulations for the years covered by our audit period.
- · We determined that there were no benefit calculations prepared for the years covered by our audit period.
- We determined whether the January 1, 2015, January 1, 2017 and January 1, 2019 actuarial valuation reports were prepared and submitted by March 31, 2016, 2018, and 2020, respectively, in accordance with Act 205 and whether selected information provided on these reports is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.

Municipal officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Municipality of Mount Lebanon Money Purchase Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. In conducting our audit, we obtained an understanding of the municipality's internal controls as they relate to the municipality's compliance with those requirements and that we considered to be significant within the context of our audit objective, and assessed whether those significant controls were properly designed and implemented. Additionally and as previously described, we tested transactions, assessed official actions, performed analytical procedures, and interviewed selected officials to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objective.

The results of our procedures indicated that, in all significant respects, the Municipality of Mount Lebanon Money Purchase Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Ordinance Improperly Amended By Resolution

The contents of this report were discussed with officials of the Municipality of Mount Lebanon and, where appropriate, their responses have been included in the report. We would like to thank municipal officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system state aid and of every municipal pension plan and fund in which general municipal pension system state aid is deposited.

Annual state aid allocations are provided from a 2 percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Municipality of Mount Lebanon Money Purchase Pension Plan is also governed by implementing regulations adopted by the former Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes.

The Municipality of Mount Lebanon Money Purchase Pension Plan is a single-employer defined contribution pension plan locally controlled by the provisions of Ordinance No. 3163, as amended. The plan was established May 10, 2010. Active members are not required to contribute to the plan. The municipality is required to contribute 15 percent of member earnings. As of December 31, 2018, the plan had 12 active members and 1 terminated member eligible for vested benefits in the future.

MUNICIPALITY OF MOUNT LEBANON MONEY PURCHASE PENSION PLAN FINDING AND RECOMMENDATION

Finding - Ordinance Improperly Amended By Resolution

<u>Condition</u>: The pension plan governing document, Ordinance No. 3163, was restated in its entirety by Resolution R-9-16.

<u>Criteria</u>: In <u>Wynne v. Lower Merion Township</u>, 181 Pa. Superior Ct., 524, the Pennsylvania Superior Court held that an ordinance may be amended only by another ordinance and not by a resolution.

Cause: Municipal officials were not aware that a resolution cannot amend an ordinance.

<u>Effect</u>: The failure to properly adopt the restated plan document could result in inconsistent or improper benefit calculations and incorrect benefit payments from the pension plan.

<u>Recommendation</u>: We recommend that the municipality amend the plan's governing document with a properly executed ordinance.

Management's Response: Municipal officials agreed with the finding without exception.

Auditor's Conclusion: Compliance will be evaluated during the next audit of the plan.
