### Independent Auditor's Report

The Honorable Michael Carroll  
Secretary  
Department of Transportation  
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Bellevue, Allegheny County, for the period January 1, 2021 to December 31, 2022. The municipality's management is responsible for presenting the Forms MS-965 in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Forms MS-965 are presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-965. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our qualified opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with ethical requirements relating to the engagement.

As described in the Auditor Description Of Select Transactions section of this report, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

## Independent Auditor's Report (Continued)

As discussed in Finding No. 1, the municipality expended \$28,335.97 in excess of the amount available for the purchase of equipment for 2021. Additionally, as discussed in Finding No. 2, the 2021 Liquid Fuels allocation of \$207,181.09 was not received until February 3, 2023, and the 2022 Liquid Fuels Tax Fund allocation of \$204,097.88 was not received as of the date of the onsite closeout meeting for this examination of June 12, 2024.

In our opinion, except for the matters discussed in the preceding paragraph, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Bellevue, Allegheny County, for the period January 1, 2021 to December 31, 2022, in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements; and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose of expressing an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

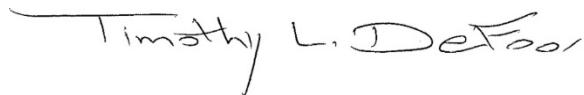

## Independent Auditor's Report (Continued)

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of the Borough of Bellevue, Allegheny County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instances of noncompliance that are required to be reported under *Government Auditing Standards*:

- Over Expended Equipment Purchase Tally.
- Late Receipt And Non-Receipt Of Allocations - Recurring.

The purpose of this report is to determine whether the municipality's Liquid Fuels Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Borough of Bellevue, Allegheny County, to us during the course of our examination. If you have any questions, please feel free to contact the Bureau of County Audits at 717-787-1363.

BOROUGH OF BELLEVUE  
ALLEGHENY COUNTY  
LIQUID FUELS TAX FUND  
BACKGROUND  
FOR THE PERIOD  
JANUARY 1, 2021 TO DECEMBER 31, 2022

Background

The Liquid Fuels Tax Municipal Allocation Law, Act 655 of 1956, as amended, see also 72 P.S. § 2615.5, et sec., provides municipalities other than counties (i.e., townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based upon: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state; and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

Title 75 Pa.C.S. § 9511 of the Pennsylvania Vehicle Code provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
2. Make deposits and payments or expenditures in compliance with Act 655 of 1956, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts into the Liquid Fuels Tax Fund.

 BACKGROUND  
 FOR THE PERIOD  
 JANUARY 1, 2021 TO DECEMBER 31, 2022

Background (Continued)

3. Submit the Pennsylvania Department of Community and Economic Development’s (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition By March 15<sup>th</sup>.
4. Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.
5. Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation’s Financial Consultants.

*Criteria*

The criteria for the Form MS-965 With Adjustment are described below.

Section 1 of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

2019	2020	2021	2022
\$11,100.00	\$11,300.00	\$11,500.00	\$11,800.00

- Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

2019	2020	2021	2022
\$11,100.00	\$11,300.00	\$11,500.00	\$11,800.00

- Agility projects are exchanges of services with the Department of Transportation.

BACKGROUND  
FOR THE PERIOD  
JANUARY 1, 2021 TO DECEMBER 31, 2022

Background (Continued)

Section 2 of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.
- Expenditures include the total transferred from Section 1.

Section 3 of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Background (Continued)

*Basis of Presentation*

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Form MS-965 has been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Form MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

*Basis Of Accounting*

The accompanying Forms MS-965 With Adjustments is prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

*General Fixed Assets*

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

AUDITOR DESCRIPTION OF SELECT TRANSACTIONS  
FOR THE PERIOD  
JANUARY 1, 2021 TO DECEMBER 31, 2022

The following information relates to certain types of transactions for which the Pennsylvania Department of Transportation requested that we provide additional detail.

Adjustments

2021 - Section 1

An adjustment of \$(.01) was made to “Major equipment purchases” because these expenditures were overstated.

An adjustment of \$.01 was made to “Repairs of tools and machinery” because these expenditures were understated.

2021 - Section 3

An adjustment of \$(.01) was made to “Major equipment expenditures” to reflect the adjustment made to major equipment purchases in 2021 - Section 1.

2022 - Section 3

An adjustment of \$28,335.98 was made to “Prior year equipment balance” because an incorrect equipment balance was carried forward.

Lease-Purchase Agreement

On March 4, 2020, the municipality entered into a lease-purchase agreement with KS State Bank to purchase a 2020 Ford F-550 Chassis Cab for \$79,828.00. The agreement was for a term of four years at an interest rate of 4.33 percent. Principal and interest payments of \$21,243.28 are due annually. Prior years’ principal payments from the Liquid Fuels Tax Fund were \$21,243.28.

During the current examination period, the municipality paid principal of \$18,706.55 and interest of \$2,536.73 from the Liquid Fuels Tax Fund. These amounts are reflected in major equipment purchases on the 2021 Form MS-965 - Section 1. Additionally, the municipality paid principal of \$19,516.55 and interest of \$1,726.73 from the General Fund. The outstanding balance of the lease-purchase agreement as of December 31, 2022, was \$20,361.62, plus interest.

Lease-Purchase Agreement

On May 10, 2018, the municipality entered into a lease-purchase agreement with KS State Bank to purchase a 2018 Ford F-350 pickup truck for \$42,557.00. The agreement was for a term of four years at an interest rate of 5.31 percent. Principal and interest payments of \$11,477.82 are due annually. Prior years' principal and interest payments paid from the General Fund were \$31,657.41 and \$2,776.05, respectively.

During the current examination period, the municipality paid principal of \$10,899.59 and interest of \$578.23 from the Liquid Fuels Tax Fund. These amounts are reflected in major equipment purchases on the 2021 Form MS-965 - Section 1. The outstanding balance of the lease-purchase agreement as of December 31, 2021, was paid-in-full.

 LIQUID FUELS TAX FUND  
 FINDINGS AND RECOMMENDATIONS  
 FOR THE PERIOD  
 JANUARY 1, 2021 TO DECEMBER 31, 2022

**Finding No. 1 - Over Expended Equipment Purchase Tally**

Our examination disclosed that the municipality expended \$28,335.97 in excess of the amount available for the purchase of equipment for the 2021, as follows:

<u>2021</u>		<u>Adjusted Amount</u>
1.	Prior year equipment balance	\$ 4,385.13
2.	Current year equipment allocation (20% of Lines 2 + 2A, Section 2)	-
3.	PENNDOT approved adjustments	<u>-</u>
4.	Total funds available for equipment acquisition	4,385.13
5.	Less: Major equipment purchases	<u>(32,721.10)</u>
6.	Amount Over Expended for equipment – 2021	<u><u>\$(28,335.97)</u></u>

The Department of Transportation’s, *Publication 9*, Appendix D, Section 449.11, requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year, 20 percent of the current year’s Liquid Fuels Tax Fund allocations, and any approved adjustments.

This condition occurred because the municipal officials were not aware of the over expenditure on the equipment balance at the time the report was submitted.

**Recommendations**

We recommend that the municipality reimburse \$28,335.97 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that the municipality only expend up to the approved amount on equipment expenditures in accordance with the Department of Transportation’s *Publication 9*.

ALLEGHENY COUNTY  
LIQUID FUELS TAX FUND  
FINDINGS AND RECOMMENDATIONS  
FOR THE PERIOD  
JANUARY 1, 2021 TO DECEMBER 31, 2022

**Finding No. 2 - Late Receipt And Non-Receipt Of Allocations - Recurring**

We cited the municipality for receiving its Liquid Fuels Tax Fund allocation late in our prior two examinations with the most recent dated January 1, 2020 to December 31, 2020. Our current examination disclosed the 2021 Liquid Fuels allocation of \$207,181.09 was not received until February 3, 2023, which was subsequent to our examination period.

Additionally, the 2022 Liquid Fuels Tax Fund allocation of \$204,097.88, which should have been distributed to the municipality during the first week in March of that year, was not received as of the date of the onsite closeout meeting for this examination of June 12, 2024.

The 2021 allocation was received late, and the 2022 allocation was not received because the municipality failed to comply with the Department of Transportation's *Publication 9*, Chapter Two, Section 2.4, which states:

To qualify for the annual liquid fuels tax allocation, a municipality shall:

- Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- Make deposits and payments or expenditures in compliance with the Act 655. Failure to do so may result in not receiving allocations from PENNDOT until all discrepancies are resolved.
- Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition by March 15<sup>th</sup>.
- Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.

Because the borough failed to file documents and information timely as noted above, the borough did not have use of the 2021 allocation for almost two years, and as of the date of the onsite closeout conference of this examination, the municipality still did not have use of the 2022 allocation. Furthermore, had the allocations been received timely, money may have been available for investment purposes, potentially earning interest income which could have been used for road maintenance and repairs.

The Finance Administrator stated that this condition occurred because the borough officials needed more time to file the reports and obtain assistance to do so.

Recommendation

We again recommend that, in the future, the municipality complies with the Department of Transportation's *Publication 9* to ensure that the allocations are received timely.

Management's Response

The Finance Administrator stated:

I was unable to file until I received assistance with filing the report.

Auditor's Conclusion:

This is a recurring finding. We strongly recommend the municipality comply with our recommendation. During our next examination, we will determine if the borough complied with our recommendation.
