EUGENE A. DePASQUALE
AUDITOR GENERAL

Independent Auditor's Report

The Honorable Leslie Richards
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Township of Jordan, Clearfield County, for the period January 1, 2015 to December 31, 2017. The municipality's management is responsible for presenting the Forms MS-965 in accordance with the criteria set forth in Note 1. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Forms MS-965 are presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-965. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in the Finding and Recommendation section of this report, On December 27, 2011, the municipality purchased a Ford F-550 truck for \$55,513.00 that was restrictively bid. The municipality received a trade-in allowance of \$25,100.00 for the truck and made a down payment of \$907.00 from the General Fund. The remaining \$29,506.00 was borrowed from a financial institution as part of a loan for \$74,000.00 (see Note 6). Because the truck was restrictively bid, Liquid Fuels Tax Fund money is not eligible to be paid toward the portion of the loan used for the truck purchase. The municipality expended principal of \$18,806.23 and interest of \$2,496.33 from its Liquid Fuels Tax Fund in excess of the permissible amount.

In our opinion, except for the matter discussed in the preceding paragraph, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Township of Jordan, Clearfield County, for the period January 1, 2015 to December 31, 2017, in accordance with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose of expressing an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditor's Report (Continued)

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of the Township of Jordan, Clearfield County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

- Restrictive Bidding.

The purpose of this report is to determine whether the municipality's Liquid Fuels Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Township of Jordan, Clearfield County, to us during the course of our examination. If you have any questions, please feel free to contact Michael B. Kashishian, CPA, CGAP, CFE, Director, Bureau of County Audits, at 717-787-1363.

TOWNSHIP OF JORDAN
CLEARFIELD COUNTY
LIQUID FUELS TAX FUND
BACKGROUND
FOR THE PERIOD
JANUARY 1, 2015 TO DECEMBER 31, 2017

Background

The Liquid Fuels Tax Municipal Allocation Law, Act 655 of 1956, as amended, (72 P.S. § 2615.5 et seq.), provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
2. Make deposits and payments or expenditures in compliance with Act 655 of 1956, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts into the Liquid Fuels Tax Fund.

 LIQUID FUELS TAX FUND
 NOTES TO FORMS MS-965 WITH ADJUSTMENTS
 FOR THE PERIOD
 JANUARY 1, 2015 TO DECEMBER 31, 2017

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

2013	2014	2015/2016	2017
\$10,200.00	\$10,300.00	\$10,500.00	\$10,700.00

- Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

2013	2014	2015/2016	2017
\$10,200.00	\$10,300.00	\$10,500.00	\$10,700.00

- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.

1. Criteria (Continued)

Section 2 (Continued)

- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

1. Criteria (Continued)

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Second Class Township Code, Title 53 P.S. § 68204, authorizes the township to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts, of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

2. Deposits (Continued)

There were no deposits exposed to custodial credit risk as of December 31, 2017. Custodial credit risk, as defined by GASB No. 40, as amended, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

Fund Balance

The fund balance as of December 31, 2017, consists of the following:

Cash	\$201,702.92
Certificate of deposit	<u>19,483.93</u>
Total	<u>\$221,186.85</u>

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in interest-bearing accounts and certificates of deposit which earned \$345.99 during 2015, \$241.64 during 2016, and \$222.45 during 2017, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2017 - Section 1

Adjustments were made to "Major equipment purchases" and "Minor equipment purchases" because expenditures of \$2,000.00 were misclassified.

2017 - Section 2

An adjustment of \$87.07 was made to "Balance, January 1, 2017" because an incorrect fund balance was reported.

4. Adjustments (Continued)

2017 - Section 2 (Continued)

An adjustment of \$(87.07) was made to "Miscellaneous" because there were no miscellaneous receipts.

2017 - Section 3

An adjustment of \$(2,000.00) was made to "Major equipment expenditures" to reflect the adjustment made to major equipment purchases in 2017 - Section 1.

5. Miscellaneous Receipt

On February 16, 2015, the municipality deposited \$10,000.00 into its Liquid Fuels Tax Fund that was received from Clearfield Township for sale of equipment.

6. Bank Loan

On December 23, 2011, the municipality borrowed \$74,000.00 from Northwest Savings Bank to pay off the balance of \$44,258.29 of a prior loan, put \$29,506.00 toward the purchase of a 2011 Ford F-550 truck, and paid fees of \$235.71. The term of the loan was for six years at an interest rate of 4.25 percent. Principal and interest payments of \$1,168.33 are due monthly. Because the 2011 Ford F-550 truck was restrictively bid, the portion of the loan used toward the purchase of the truck is not eligible to be paid from the Liquid Fuels Tax Fund. Prior years' principal and interest payments from the Liquid Fuels Tax Fund were \$33,678.25 and \$7,447.04, respectively. Additionally, the municipality paid principal of \$934.64 from the General Fund.

During the current examination period the municipality paid principal of \$35,229.81 and interest of \$1,222.61 from the Liquid Fuels Tax Fund (Finding). These amounts are reflected in major equipment purchases on the 2015, 2016, and 2017 Forms MS-965 - Section 1. Additionally, the municipality paid principal of \$4,157.30 and interest of \$1,450.54 from the General Fund. The loan was paid-in-full on December 22, 2017.

7. Lease-Purchase Agreement

On October 15, 2015, the municipality entered into a lease-purchase agreement with Caterpillar Financial to purchase a new 2015 CAT loader for \$133,978.00. The agreement was for a term of seven years at an interest rate of 2.75 percent. Principal and interest payments of \$1,290.87 are due monthly with a final payment of \$44,250.87 due on October 22, 2022.

During the current examination period the municipality paid principal of \$27,665.28 and interest of \$7,188.21 from the Liquid Fuels Tax Fund. These amounts are reflected in major equipment purchases on the 2015, 2016 and 2017 Forms MS-965 - Section 1. The outstanding balance of the lease-purchase agreement as of December 31, 2017 was \$106,312.72, plus interest.

FINDING AND RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2015 TO DECEMBER 31, 2017

Finding - Restrictive Bidding

On December 27, 2011, the municipality purchased a Ford F-550 truck for \$55,513.00. The advertisement for this purchase requested sealed proposals for a truck 2011, or newer, 550 series. Series 550 is a model made by Ford. Ford is a Brand name. The use of Brand names in advertising for equipment without including the words “or its equivalent,” is considered restrictive bidding, and therefore, is prohibited by the Department of Transportation’s *Publication 9*, § 449.3(f), which states:

Brand names. In advertising for equipment to be rented or purchased, or for materials to be purchased or delivered in place, it is unlawful to require or specify any particular make or brand thereof, thereby excluding other makes or brands; however, a particular brand name or its equivalent may be specified if equal consideration is given to all brands which are reasonably similar to the specified brand. Such specifications must be reasonable and not merely imposed in order to exclude some brands of equipment or material in favor of other brands.

The municipality received a trade-in allowance of \$25,100.00 for the truck and made a down payment of \$907.00 from the General Fund. The remaining \$29,506.00 was borrowed from a financial institution as part of a loan for \$74,000.00 (see Note 6). Because the truck was restrictively bid, Liquid Fuels Tax Fund money is not eligible to be paid toward the portion of the loan used for the truck purchase (Only approximately 61 percent of the principal and interest on the loan may be paid from the Liquid Fuels Tax Fund).

From 2011 to 2017 the municipality paid principal of \$68,908.06 and interest of \$8,669.65 on the loan from the Liquid Fuels Tax Fund and principal of \$5,091.94 and interest of \$1,450.54 were paid from the General Fund. Additionally, the municipality reimbursed \$5,607.83 to its Liquid Fuels Tax Fund for principal payments made during 2011 and 2012. The permissible amount of principal and interest to be repaid from the Liquid Fuels Tax Fund was \$44,494.00 and \$6,173.32, respectively. Therefore, the municipality expended principal of \$18,806.23 and interest of \$2,496.33 from its Liquid Fuels Tax Fund in excess of the permissible amount.

The failure to follow the Department of Transportation’s *Publication 9* as noted above could result in the municipality having to reimburse \$21,302.56 to its Liquid Fuels Tax Fund.

Finding - Restrictive Bidding (Continued)

Recommendations

We recommend that the municipality reimburse \$21,302.56 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the municipality follow with the Department of Transportation's *Publication 9* if it uses Brand names in future advertisements for purchases as cited above.

Management's Response

The municipal officials offered no formal response at this time.

Auditor's Conclusion

During our next examination we will determine if the municipality complied with our recommendations.
