EUGENE A. DePASQUALE
AUDITOR GENERAL

The Honorable Tom W. Wolf
Governor
Commonwealth of Pennsylvania
Harrisburg, Pennsylvania 17120

Ms. Claire Ann Buckley, Board President
Kane Area School District
P.O. Box 107
Ludlow, Pennsylvania 16333

Dear Governor Wolf and Ms. Buckley:

We conducted a performance audit of the Kane Area School District (District) to determine its compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures (relevant requirements). Our audit covered the period December 14, 2012 through October 22, 2014, except as otherwise stated in the report. Additionally, compliance specific to state subsidies and reimbursements was determined for the school years ended June 30, 2011 and June 30, 2012. Our audit was conducted pursuant to Section 403 of The Fiscal Code, 72 P.S. § 403, and in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Our audit found that the District complied, in all significant respects, with relevant requirements.

We appreciate the District's cooperation during the conduct of the audit.

Sincerely,

A handwritten signature in black ink, appearing to read "Eugene A. DePasquale".

Eugene A. DePasquale

Executive Summary

Audit Work

The Pennsylvania Department of the Auditor General conducted a performance audit of the Kane Area School District (District) in McKean County. Our audit sought to answer certain questions regarding the District's compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures.

Our audit scope covered the period December 14, 2012 through October 22, 2014, except as otherwise stated in the audit scope, objectives, and methodology section of the report. Compliance specific to state subsidies and reimbursements was determined for the 2010-11 and 2011-12 school years.

District Background

The District encompasses approximately 250 square miles. According to 2010 federal census data, it serves a resident population of 7,436. According to District officials, the District provided basic educational services to 1,210 pupils through the employment of 104 teachers, 81 full-time and part-time support personnel, and 11 administrators during the 2011-12 school year. The District received \$10.4 million in state funding in the 2011-12 school year.

Audit Conclusion and Results

Our audit found that the District complied, in all significant respects, with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures. Our audit did not result in any findings or observations.

Status of Prior Audit Findings and Observations. Our prior audit did not include any findings or observations.

Audit Scope, Objectives, and Methodology

Scope

What is a school performance audit?

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, the Pennsylvania Department of Education, and other concerned entities.

Our audit, conducted under authority of Section 403 of The Fiscal Code, 72 P.S. § 403, is not a substitute for the local annual audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Our audit covered the period December 14, 2012 through October 22, 2014, except for the verification of professional employee certification which was performed for the period August 15, 2012 through October 7, 2014.

Regarding state subsidies and reimbursements, our audit covered the 2010-11 and 2011-12 school years.

While all districts have the same school years, some have different fiscal years. Therefore, for the purposes of our audit work and to be consistent with Pennsylvania Department of Education (PDE) reporting guidelines, we use the term *school year* rather than fiscal year throughout this report. A school year covers the period July 1 to June 30.

Objectives

What is the difference between a finding and an observation?

Our performance audits may contain findings and/or observations related to our audit objectives. Findings describe noncompliance with a statute, regulation, policy, contract, grant requirement, or administrative procedure. Observations are reported when we believe corrective action should be taken to remedy a potential problem not rising to the level of noncompliance with specific criteria.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws and defined business practices. Our audit focused on assessing the District's compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures. However, as we conducted our audit procedures, we sought to determine answers to the following questions, which serve as our audit objectives:

- ✓ Were professional employees certified for the positions they held?
 - To address this objective, auditors reviewed and evaluated certification documentation for eight (8) teachers and administrators that did not have permanent certificates, were newly hired, or changed assignment at the time of our audit out of a total population of 108 teachers.

- ✓ In areas where the District received state subsidies and reimbursements based on non-resident pupil membership, did it follow applicable laws [24 P.S. § 13-1301, 13-1302, 13-1305, and 13-1306] and procedures [22 PA Code Chapter 11]?
 - To address this objective, auditors reviewed placement information on all nine (9) of the District’s non-resident students for the 2010-11 school year and all four (4) of the District’s non-resident students for the 2011-12 school year.

- ✓ Did the District ensure that bus drivers transporting District children at the time of the audit have the necessary license, physicals, training, background checks, and clearances as outlined in 24 P.S. § 1-111, 24 P.S. § 2070, 67 P.S. § 71.1, 22 PA Code Chapter 8, and 23 PA C.S. § 58-6354, and did they have written policies and procedures governing the hiring of new bus drivers?

To address this objective:

- The auditors initially selected the 5 newest drivers out of the 40 “new drivers” from the current school year and worked backwards to the last time the Bureau of School Audits audited the District and reviewed bus driver compliance. Auditors ensured that all of the new drivers not reviewed during the previous audit were selected for review and included both district-employed and contractor-employed drivers, as appropriate.

- The auditors also requested copies of the written policies and procedures governing the hiring of bus drivers to determine that these processes included requesting background checks and clearances.

- ✓ Were votes made by the District's Board of School Directors free from apparent conflicts of interest?
 - To address this objective, auditors reviewed all ten (10) of the sitting and recent board members' employment history, Statements of Financial Interest, board meeting minutes, and any known outside relationships with the District.

- ✓ Did the District take appropriate steps to ensure school safety?

To address this objective:

- The auditors reviewed a variety of documentation including safety plans, training schedules, anti-bullying policies, and after action reports to assess whether the District followed best practices in school safety and 24 P.S. Sect. 13-1302, 1302.1A, 13-1303.1, and 13-1303 A. Generally, the auditors evaluate the age of the plan, whether it is being practiced through training and whether the school has an after action process for trying to improve on the results of its training exercises.

- In addition, the auditors conducted on-site reviews at all three (3) of the District's school buildings (one (1) from each education level) to assess whether they had implemented basic physical safety practices based on national best practices.

Methodology

What are internal controls?

Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as:

- Effectiveness and efficiency of operations.
- Relevance and reliability of operational and financial information.
- Compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures.

Government Auditing Standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our results and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our results and conclusions based on our audit objectives.

The District's management is responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the District is in compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures (relevant requirements). In conducting our audit, we obtained an understanding of the District's internal controls, including any information technology controls, as they relate to the District's compliance with relevant requirements that we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in internal controls that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

In order to properly plan our audit and to guide us in possible audit areas, we performed analytical procedures in the areas of state subsidies and reimbursements, pupil transportation, and comparative financial information.

Our audit examined the following:

- Records pertaining pupil membership, bus driver qualifications, professional employee certification, state ethics compliance, financial stability, reimbursement applications, and deposited state funds.
- Items such as board meeting minutes and policies and procedures.

Additionally, we interviewed select administrators and support personnel associated with the District's operations.

Findings and Observations

For the audited period, our audit of the Kane Area School District resulted in no findings or observations.

Status of Prior Audit Findings and Observations

Our prior audit of the Kane Area School District did not include any findings or observations.
