Mr. Mark Frattarole, Board President
Annville-Cleona School District
520 South White Oak Street
Annville, Pennsylvania 17003

Dear Dr. Potteiger and Mr. Frattarole:

We conducted a Limited Procedures Engagement (LPE) of the Annville-Cleona School District (District) to determine its compliance with certain relevant state laws, regulations, policies, and administrative procedures (relevant requirements). The LPE covers the period July 1, 2012, through June 30, 2015, except for any areas of compliance that may have required an alternative to this period. The engagement was conducted pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania and The Fiscal Code (72 P.S. §§ 402 and 403), but was not conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

As we conducted our LPE procedures, we sought to determine answers to the following questions, which serve as our LPE objectives:

- Did the District have documented board policies and administrative procedures related to the following?
 - Internal controls
 - Budgeting practices
 - The Right-to-Know Law
 - The Sunshine Act
- Were the policies and procedures adequate and appropriate, and have they been properly implemented?
- Did the District comply with the relevant requirements in the Right-to-Know Law and the Sunshine Act?
- Did the District take appropriate corrective action to address the finding made in our prior audit, and were the actions taken into effect?

Dr. Cheryl Potteiger
Mr. Mark Frattarole

Our engagement found that the District properly implemented policies and procedures for the areas mentioned above and complied, in all significant respects, with relevant requirements.

We appreciate the District's cooperation during the conduct of the engagement.

Sincerely,

Eugene A. DePasquale

Academic Information

The following table and charts consist of School Performance Profile (SPP) scores and Pennsylvania System of School Assessment (PSSA) results for the entire District obtained from PDE's data files.¹ These scores are presented in the District's audit report for **informational purposes only**, and they were not audited by our Department.

SPP benchmarks represent the statewide average of all district school buildings in the Commonwealth.² PSSA benchmarks and goals are determined by PDE each school year and apply to all public school entities.³ District SPP and PSSA scores were calculated using an average of all of the individual school buildings within the District. Scores below SPP statewide averages and PSSA benchmarks/goals are presented in red.

Districtwide SPP and PSSA Scores

District	SPP Scores		PSSA % Advanced or Proficient in Math			PSSA % Advanced or Proficient in Reading		
	2012-13	2013-14	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14
<i>Statewide Benchmark</i>	77.6	77.2	78	73	71	81	70	69
<i>Annville-Cleona SD</i>	79.6	80.3	79.1	77.9	77.9	77.2	78.7	79.2
<i>SPP Grade⁴</i>	C	B						

¹ PDE is the sole source of academic data presented in this report. All academic data was obtained from PDE's publically available website.

² Statewide averages for SPP scores were calculated based on all district school buildings throughout the Commonwealth, excluding charter and cyber charter schools.

³ PSSA benchmarks apply to all district school buildings, charters, and cyber charters. In the 2011-12 school year, the state benchmarks reflect the Adequate Yearly Progress targets established under No Child Left Behind. In the 2012-13 and 2013-14 school years, the state benchmarks reflect the statewide goals based on annual measurable objectives established by PDE.

⁴ The following letter grades are based on a 0-100 point system: A (90-100), B (80-89), C (70-79), D (60-69), F (59 or below).

Individual School Building SPP and PSSA Scores

The following table consists of SPP scores and PSSA results for each of the District's school buildings. Any blanks in PSSA data means that PDE did not publish a score for that school for that particular year.⁵

4 Year Cohort Graduation Rates

The cohort graduation rates are a calculation of the percentage of students who have graduated with a regular high school diploma within a designated number of years since the student first entered high school. The rate is determined for a cohort of students who have all entered high school for the first time during the same school year.⁶

⁵ PDE's data does not provide any further information regarding the reason a score was not published.

Status of Prior Audit Findings and Observations

Our prior audit of the District released on May 8, 2014, resulted in one finding as shown below. As part of our current engagement, we determined the status of corrective action taken by the District to implement our prior audit recommendations. We reviewed the District's written response provided to PDE, interviewed District personnel, and performed audit procedures as detailed in each status section below.

Auditor General Performance Audit Report Released on May 8, 2014

Prior Finding: **Internal Control Weaknesses Regarding the Reporting of Pupil Membership Data**

Prior Finding Summary: Our prior audit found that District personnel were unable to reconcile student membership detail reports for the 2009-10, 2010-11, and 2011-12 school years from their student information system to the final Summary of Child Accounting Membership and final Instructional Time and Membership Reports in the Pennsylvania Information Management System (PIMS). Our review of the reports that were provided found discrepancies that the District could not reconcile with the data reported to PDE. Therefore, the District's student membership data could not be audited.

Prior Recommendations: We recommended that the District should:

1. Develop and implement written procedures for collecting and maintaining membership data.
2. Develop and implement procedures to reconcile student detail reports to final PIMS reports.
3. Ensure that all membership days are properly reported under the correct classifications.
4. Review years subsequent to our audit and ensure data from the District is reconciled to final PDE reports. If errors are found, the revisions should be submitted to PDE.

Current Status: The District followed the four recommendations issued in the prior audit report by implementing membership data procedures beginning with the 2012-13 school year. The District has detailed written procedures for the collection and maintenance of membership data and has implemented reconciliation procedures to ensure that membership classifications are correct. The District also submitted revised reports to PDE for the 2012-13 school year.
