EUGENE A. DePASQUALE  
AUDITOR GENERAL

Dr. Bruce Sensenig, Superintendent  
Cocalico School District  
800 South Fourth Street  
Denver, Pennsylvania 17517

Mr. Allen Dissinger, Board President  
Cocalico School District  
800 South Fourth Street  
Denver, Pennsylvania 17517

Dear Dr. Sensenig and Mr. Dissinger:

We have conducted a performance audit of the Cocalico School District (District) for the period July 1, 2012 through June 30, 2015, except as otherwise indicated in the audit scope, objectives, and methodology section of the report. We evaluated the District's performance in the following areas:

- School Safety
- Contracting
- Bus Driver Requirements
- Administrator Contract Buy-out

The audit was conducted pursuant to Section 403 of The Fiscal Code and in accordance with the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit found that the District performed adequately in the areas listed above. We appreciate the District's cooperation during the course of the audit.

Sincerely,

A handwritten signature in black ink, appearing to read "Eugene A. DePasquale".

Eugene A. DePasquale  
Auditor General

## **Appendix: Audit Scope, Objectives, and Methodology**

---

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, the Pennsylvania Department of Education (PDE), and other concerned entities.

Our audit, conducted under authority of Section 403 of The Fiscal Code,<sup>1</sup> is not a substitute for the local annual financial audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit.

### **Scope**

Overall, our audit covered the period July 1, 2012 through June 30, 2015. In addition, the scope of each individual audit objective is detailed on the next page.

The District's management is responsible for establishing and maintaining effective internal controls<sup>2</sup> to provide reasonable assurance that the District is in compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures (relevant requirements). In conducting our audit, we obtained an understanding of the District's internal controls, including any information technology controls, that we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in internal controls that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

---

<sup>1</sup> 72 P.S. § 403.

<sup>2</sup> Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as: effectiveness and efficiency of operations; relevance and reliability of operational and financial information; and compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures.

## Objectives/Methodology

In order to properly plan our audit and to guide us in selecting objectives, we reviewed pertinent laws and regulations, board meeting minutes, academic performance data, financial reports, annual budgets, and new or amended policies and procedures. We also determined if the District had key personnel or software vendor changes since the prior audit.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws, regulations, third-party studies, and best business practices. Our audit focused on the District's efficiency and effectiveness in the following areas:

- School Safety
- Contracting
- Bus Driver Requirements
- Administrator Contract Buy-out

As we conducted our audit procedures, we sought to determine answers to the following questions, which served as our audit objectives:

- ü Did the District take appropriate actions to ensure it provided a safe school environment?
  - o To address this objective, we reviewed a variety of documentation including, but not limited to, safety plans, training schedules, anti-bullying policies, and after action reports.
- ü Did the District ensure that its significant contracts were current and were properly obtained, approved, executed, and monitored?
  - o To address this objective, we reviewed the District's procurement and contract monitoring policies and procedures. We obtained a list of vendors who provided goods and services to the District, in excess of \$10,000, during the 2014-15 school year. We haphazardly selected 5 out of 152 vendors for detailed testing. Testing included a review of the procurement documents to determine if the contract was procured in accordance with the Public School Code and District policies. We also reviewed documents to determine if the District properly monitored the selected contracts. Finally, we reviewed board meeting minutes and the Board of School Directors' Statements of Financial Interest to determine if any board member had a conflict of interest in approving the selected contracts.

- Ü Did the District ensure that bus drivers transporting District students had the required driver’s license, physical exam, training, background checks, and clearances as outline in applicable laws?<sup>3</sup> Also, did the District have adequate written policies and procedures governing the hiring of new bus drivers?
  - To address this objective, we selected 10 of the 75 bus drivers hired by the District bus contractors to transport students during the school years July 1, 2012 through April 21, 2016, and reviewed documentation to ensure the District complied with bus driver’s requirements. We also determined if the District had written policies and procedures governing the hiring of bus drivers and if those procedures were sufficient to ensure compliance with bus driver hiring requirements.
  
- Ü Did the District pursue a contract buy-out with an administrator and if so, what was the total cost of the buy-out, what were the reasons for the termination/settlement, and did the current employment contract(s) contain adequate termination provisions?
  - To address this objective, we reviewed the contract, board meeting minutes, board policies, and payroll records for the only individually contracted administrator who separated from the District during our audit period September 12, 2012 through April 19, 2016.

<sup>iv</sup> PSSA stands for the Pennsylvania System of School Assessment (PSSA), which is composed of statewide, standardized tests administered by PDE to all public schools and the reporting associated with the results of those assessments. PSSA scores in the tables in this report reflect Reading and Math results for the “All Students” group for the 2011-12 and 2012-13 school years.

<sup>v</sup> PSSA scores, which are Pennsylvania’s mandatory, statewide academic test scores, are issued by PDE. However, the PSSA scores issued by PDE are collected by an outside vendor, Data Recognition Corporation (DRC). The Pennsylvania Department of the Auditor General and KPMG issued a material weakness in internal controls over PDE’s compilation of this academic data in the Single Audit of the Commonwealth of Pennsylvania for the fiscal year ended June 30, 2014, citing insufficient review procedures at PDE to ensure the accuracy of test score data received from DRC.

<sup>vi</sup> In the 2011-12 school year, the state benchmarks reflect the Adequate Yearly Progress targets established under No Child Left Behind. In the 2012-13 school year, the state benchmarks reflect the statewide goals based on annual measurable objectives established by PDE.

<sup>vii</sup> SPP stands for School Performance Profile, which is Pennsylvania’s new method for reporting academic performance scores for all public schools based on a scale from 0% to 100% implemented in the 2012-13 school year by PDE.

<sup>viii</sup> *Id.* Additionally, federal Title I designations of Priority, Focus, Reward, and No Designation are new federal accountability designations issued by PDE to Title I schools only beginning in the 2012-13 school year. Priority schools are the lowest 5%, focus schools are the lowest 10%, and reward schools are the highest 5% of Title I schools. All Title I schools not falling into one of the aforementioned percentage groups are considered “No Designation” schools. The criteria used to calculate the percentage rates is determined on an annual basis by PDE.

<sup>ix</sup> Title I Federal accountability designations for Title I schools originate from PDE and are determined based on the number of students at the school who receive free and/or reduced price lunches. School lunch data is accumulated in PDE’s CN-PEARS system, which is customized software developed jointly with an outside vendor, Colyar, Inc. The Pennsylvania Department of the Auditor General and KPMG issued a significant deficiency in internal controls over the CN-PEARS system in the Single Audit of the Commonwealth of Pennsylvania for the fiscal year ended June 30, 2014.
