EUGENE A. DePASQUALE
AUDITOR GENERAL

Dr. Jerri L. Lippert, Superintendent
West Allegheny School District
P.O. Box 55
Imperial, Pennsylvania 15126

Ms. Debbie Mirich, Board President
West Allegheny School District
P.O. Box 55
Imperial, Pennsylvania 15126

Dear Dr. Lippert and Ms. Mirich:

We have conducted a performance audit of the West Allegheny School District (District) for the period July 1, 2012 through June 30, 2015, except as otherwise indicated in the audit scope, objective, and methodology section of the report. We evaluated the District's performance in the following areas as further described in the appendix of this report:

- Procurement Cards
- Bus Driver Requirements
- School Safety

The audit was conducted pursuant to Sections 402 and 403 of The Fiscal Code (72 P.S. §§ 402 and 403), and in accordance with the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit found that the District performed adequately in the areas listed above.

We appreciate the District's cooperation during the course of the audit.

Sincerely,

A handwritten signature in cursive script, reading "Eugene A. DePasquale".

Eugene A. DePasquale
Auditor General

Academic Information

The following table and charts consist of School Performance Profile (SPP) scores and Pennsylvania System of School Assessment (PSSA) results for the entire District obtained from PDE's data files.² These scores are presented in the District's audit report for **informational purposes only**, and they were not audited by our Department.

SPP benchmarks represent the statewide average of all district school buildings in the Commonwealth.³ PSSA benchmarks and goals are determined by PDE each school year and apply to all public school entities.⁴ District SPP and PSSA scores were calculated using an average of all of the individual school buildings within the District. Scores below SPP statewide averages and PSSA benchmarks/goals are presented in red.

Districtwide SPP and PSSA Scores

District	SPP Scores		PSSA % Advanced or Proficient in Math			PSSA % Advanced or Proficient in Reading		
	2012-13	2013-14	2011-12	2012-13	2013-14	2011-12	2012-13	2013-14
<i>Statewide Benchmark</i>	77.6	77.2	78	73	71	81	70	69
<i>West Allegheny SD</i>	92.1	86.7	86.4	86.7	86.5	85.9	85.3	85.5
<i>SPP Grade⁵</i>	A	B						

² PDE is the sole source of academic data presented in this report. All academic data was obtained from PDE's publically available website.

³ Statewide averages for SPP scores were calculated based on all district school buildings throughout the Commonwealth, excluding charter and cyber charter schools.

⁴ PSSA benchmarks apply to all district school buildings, charters, and cyber charters. In the 2011-12 school year, the state benchmarks reflect the Adequate Yearly Progress targets established under No Child Left Behind. In the 2012-13 and 2013-14 school years, the state benchmarks reflect the statewide goals based on annual measurable objectives established by PDE.

⁵ The following letter grades are based on a 0-100 point system: A (90-100), B (80-89), C (70-79), D (60-69), F (59 or below).

Individual School Building SPP and PSSA Scores

The following table consists of SPP scores and PSSA results for each of the District’s school buildings. Any blanks in PSSA data means that PDE did not publish a score for that school for that particular year.⁶

4 Year Cohort Graduation Rates

The cohort graduation rates are a calculation of the percentage of students who have graduated with a regular high school diploma within a designated number of years since the student first entered high school. The rate is determined for a cohort of students who have all entered high school for the first time during the same school year.⁷

⁶ PDE’s data does not provide any further information regarding the reason a score was not published.

Finding(s)

For the audited period, our audit of the District resulted in no findings.

Status of Prior Audit Findings and Observations

Our prior audit of the District resulted in no findings or observations.

Appendix: Audit Scope, Objectives, and Methodology

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, PDE, and other concerned entities.

Our audit, conducted under authority of Sections 402 and 403 of The Fiscal Code,⁸ is not a substitute for the local annual financial audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit.

Scope

Overall, our audit covered the period July 1, 2012 through June 30, 2015. In addition, the scope of each individual audit objective is detailed on the next page.

The District's management is responsible for establishing and maintaining effective internal controls⁹ to provide reasonable assurance that the District is in compliance with certain relevant state laws, regulations, contracts, and administrative procedures (relevant requirements). In conducting our audit, we obtained an understanding of the District's internal controls, including any information technology controls, which we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in internal controls that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

⁸ 72 P.S. §§ 402 and 403.

⁹ Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as: effectiveness and efficiency of operations; relevance and reliability of operational and financial information; and compliance with certain relevant state laws, regulations, contracts, and administrative procedures.

Objectives/Methodology

In order to properly plan our audit and to guide us in selecting objectives, we reviewed pertinent laws and regulations, board meeting minutes, academic performance data, financial reports, annual budgets, new or amended policies and procedures, and the independent audit report of the District's basic financial statements for the years ending June 30, 2012 through June 30, 2015. We also determined if the District had key personnel or software vendor changes since the prior audit.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws, regulations, third-party studies, and best business practices. Our audit focused on the District's efficiency and effectiveness in the following areas:

- ✓ Procurement Cards
- ✓ Bus Driver Requirements
- ✓ School Safety

As we conducted our audit procedures, we sought to determine answers to the following questions, which served as our audit objectives:

- ✓ Did the District have policies and procedures in place to ensure that procurement card and vendor account purchases are made and approved in accordance with District policies and procedures?
 - To address this objective, we interviewed the District's business manager and fiscal specialist. For the 2014-15 school year, we judgmentally selected the monthly billings for September 2014, February 2015, and June 2015 and traced the charges to supporting receipts, noting necessary approvals were in place. Our review of this objective did not disclose any reportable issues.
- ✓ Did the District ensure that bus drivers transporting District students had the required driver's license, physical exam, training, background checks, and clearances as outlined in applicable laws?¹⁰ Also, did the District have adequate written policies and procedures governing the hiring of new bus drivers?
 - To address this objective, we randomly selected 5 of the 88 regular and substitute bus drivers employed by the District's bus contractor during the 2015-16 school year and reviewed documentation to ensure that the District complied with bus driver's requirements. We also determined if the District had written policies and procedures governing the hiring of bus drivers and if those procedures were sufficient to ensure compliance with bus driver hiring requirements. Our review of this objective did not disclose any reportable issues.

¹⁰ 24 P.S. § 1-111, 23 Pa.C.S. § 6344(a.1), 24 P.S. § 2070.1a *et seq.*, 75 Pa.C.S. §§ 1508.1 and 1509, and 22 Pa. Code Chapter 8.

- ✓ Did the District take appropriate actions to ensure it provided a safe school environment?
 - To address this objective, we reviewed a variety of documentation including safety plans, scheduled training, anti-bullying policies, and planned simulated crisis events, and after action reports to assess if the District had implemented basic safety practices. In addition, we also conducted on-site walk-through reviews at two of the District's five school buildings. Due to the sensitive nature of school safety, the results of this objective are not described in our report. The results of our review of school safety are shared with District officials and, if necessary, PDE.
