Re: Aria – Jefferson Health Frankford

Dear Mr. Degnan:

The Tobacco Settlement Act of June 26, 2001 (P.L. 755, No. 77), as amended, 35 P.S. § 5701.101 et seq., mandated the Department of Human Services (DHS) to make payments to hospitals for a portion of uncompensated care services provided by these facilities. Hospitals that qualify can receive payments using either an uncompensated care approach or an extraordinary expense approach. The uncompensated care score of each hospital is determined by using three-year averages from five main data elements (for a total of fifteen data elements). These data elements are uncompensated care costs, net patient revenues, Medicare supplemental security income (Medicare SSI) days, Medical Assistance (MA) days and total inpatient days. A hospital qualifies for an extraordinary expense payment based on their number of qualified claims. Qualified claims are those claims in which the cost of the claim exceeds twice the average cost of all claims for that particular facility and for which the hospital provided inpatient services to an uninsured patient.

At the request of the DHS, the Department of the Auditor General performed a review¹ of Aria – Jefferson Health Frankford's records to substantiate the claims data and days data it submitted to the Pennsylvania Health Care Cost Containment Council (PHC4) and the DHS, respectively.

The purpose of our review was to determine whether this facility reported any potentially eligible extraordinary expense claims for the fiscal year ended June 30, 2018 and, if so, verify whether corresponding patients were uninsured and the facility received no compensation from third party payers such as Medicare, Medicaid, or Blue Cross. Payments made by the patients

¹ This review was not required to be and was not conducted in accordance with professional auditing or attestation standards.

themselves toward their financial obligations may have reduced the allowable costs of the respective claim when determining eligibility. We also determined whether this facility could substantiate total MA days as reported on its submitted MA-336 cost reports, if filed with the DHS, for the fiscal year ended June 30, 2017.

The results of our review are as follows:

For Reported Claims:

Based on the PHC4 claims database for the fiscal year ended June 30, 2018, the facility reported 13 potentially eligible extraordinary expense claims, totaling \$2,976,682.27, for review. We attempted to review nine of these reported claims, representing at least 80% of the hospital’s total dollar value of reported claims. We could not determine whether these extraordinary expense claims met the criteria to qualify as extraordinary expense claims because the provider chose not to submit documentation because the facility historically had been paid under the uncompensated care calculation method. Since the facility did not submit any claims for review, the facility should not be eligible for payment under the extraordinary expense calculation method.

For MA Days:

For the total MA days for fiscal year ended June 30, 2017, our results are as follows:

For FYE 6/30/17	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
FFS Days	6,474	6,474	Not Applicable
HMO Days	18,761	18,761	Not Applicable
OOS Days	396	396	Not Applicable

The DHS will use the substantiated number of days to calculate Aria - Jefferson Health Frankford’s eligibility to receive, and if deemed eligible, its subsidy entitlement under the uncompensated care method. As stated above, since the facility did not submit any documentation for review, the facility should not be eligible for payment under the extraordinary expense method. The DHS establishes the date that these payments will be distributed to all eligible hospitals.

Our office is currently reviewing all facilities that are potentially eligible for a 2020 Tobacco Settlement subsidy entitlement payment. After all the reviews are completed, we will prepare for the DHS’ use a report detailing the results of all of our reviews. The PHC4 and the DHS will contact you with instructions regarding entering adjustments to your facility’s originally submitted claims and MA days data based on the results of our review.

Since Aria – Jefferson Health Frankford chose to not submit any claims documentation for our review, the facility also waives the opportunity to submit for our review any “additional” claims, or claims coded as having Medicare, Medicaid, or any other insurance when submitted to the PHC4 for the fiscal year ended June 30, 2017, which the facility now believes qualify as

self-pay claims, and which have total charges above Aria – Jefferson Health Frankford’s threshold of \$94,354.83.

We thank the staff of Aria – Jefferson Health Frankford for the cooperation extended to us during the course of our review. If you have any questions, please feel free to contact Tracie Fountain, CPA, Director, Bureau of Children and Youth Services Audits at 717-787-1159.

Sincerely,

A handwritten signature in black ink, appearing to read "Eugene A. DePasquale". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Eugene A. DePasquale
Auditor General
