Ms. Sharon Profera Interim Chief Financial Officer St. Mary Medical Center 1201 Langhorne-Newton Road Langhorne, PA 10947

Re: St. Mary Medical Center

Dear Ms. Profera:

The Tobacco Settlement Act of June 26, 2001 (P.L. 755, No. 77), as amended, 35 P.S. § 5701.101 et seq., mandated the Department of Human Services (DHS) to make payments to hospitals for a portion of uncompensated care services provided by these facilities. Hospitals that qualify can receive payments using either an uncompensated care approach or an extraordinary expense approach. The uncompensated care score of each hospital is determined by using three-year averages from five main data elements (for a total of fifteen data elements). These data elements are uncompensated care costs, net patient revenues, Medicare supplemental security income (Medicare SSI) days, Medical Assistance (MA) days and total inpatient days. A hospital qualifies for an extraordinary expense payment based on their number of qualified claims. Qualified claims are those claims in which the cost of the claim exceeds twice the average cost of all claims for that particular facility and for which the hospital provided inpatient services to an uninsured patient.

At the request of DHS, the Department of the Auditor General performed a review¹ of St. Mary Medical Center's records to substantiate the claims data and days data it submitted to the Pennsylvania Health Care Cost Containment Council (PHC4) and the DHS, respectively.

The purpose of our review was to determine whether this facility reported any potentially eligible extraordinary expense claims for the fiscal year ended June 30, 2017 and, if so verify whether corresponding patients were uninsured and the facility received no compensation from third party payers such as Medicare, Medicaid, or Blue Cross. Payments made by the patients themselves toward their financial obligations may have reduced the allowable costs of the

respective claim when determining eligibility. We also determined whether this facility could substantiate total MA days as reported on its submitted MA-336 cost reports, if filed with the DHS, for the fiscal years ended June 30, 2015 and June 30, 2016.

The results of our review are as follows:

For Reported Claims:

Based on the PHC4 claims database for the fiscal year ended June 30, 2017, the facility reported 20 potentially eligible extraordinary expense claims, totaling \$2,903,681.53, for review. We reviewed 13 of these reported claims, representing at least 75% of the hospital's total dollar value of reported claims.² The results of our review disclosed that eight of the 13 reported potentially eligible extraordinary expense claims met the criteria to qualify as extraordinary expense claims any adjustments that should be made to the PHC4 Database. Since we determined that eight of the reported claims submitted by the facility qualify as extraordinary expense claims, this facility could be eligible for payment under the extraordinary expense method for the 2019 Tobacco Settlement Payment Year.

| | Originally | Substantiated | Patient | | |

For MA Days:

For the total MA days for fiscal years ended June 30, 2015 and 2016, our results are as follows:

| For FYE 6/30/15 | r FYE 6/30/15 Originally | | Explanation of |
|-----------------|--------------------------|------------------|----------------------|
| | Submitted Number | Number Based on | Difference |
| | of Days | Source Documents | |
| FFS Days | 3,050 | 3,119 | Change in payer type |
| HMO Days | 6,540 | 7,435 | Change in payer type |
| OOS Days | 13 | 51 | Change in payer type |

| For FYE 6/30/16 | For FYE 6/30/16 Originally | | Explanation of |
|-----------------|----------------------------|------------------|----------------------|
| | Submitted Number | Number Based on | Difference |
| | of Days | Source Documents | |
| FFS Days | 2,675 | 2,780 | Change in payer type |
| HMO Days | 7,888 | 8,283 | Change in payer type |
| OOS Days | 61 | 74 | Change in payer type |

The DHS will use all substantiated reported claims and number of days to calculate St. Mary Medical Center's eligibility to receive, and if deemed eligible, its subsidy entitlement under both the extraordinary expense and uncompensated care methods. If eligible under both methods, the DHS will allow the facility to choose the method to be used to calculate the facility's 2019 Tobacco Settlement subsidy entitlement payment. The DHS establishes the date that these payments will be distributed to all eligible hospitals.

Our office is currently reviewing all facilities that are potentially eligible for a 2019 Tobacco Settlement subsidy entitlement payment. After all the reviews are completed, we will prepare for the DHS' use a report detailing the results of all of our reviews. The PHC4 and the DHS will contact you with instructions regarding entering adjustments to your facility's originally submitted claims and MA days data based on the results of our review.

As a reminder, St. Mary Medical Center was to submit for our review, by October 31, 2018, any claims coded as having Medicare, Medicaid, or any other insurance when submitted to the PHC4 for the fiscal year ended June 30, 2017, which the facility believed qualified as self-pay claims, and which had total charges above St. Mary Medical Center's threshold of \$80,489.29; we refer to these types of claims as "additional claims." However, as of October 31, 2018, St. Mary Medical Center had not submitted any additional claims for our review. For those facilities that submitted additional claims for our review, the results of our review of these facilities' submitted additional claims data will be detailed in individualized reports sent to each such respective hospital.

We thank the staff of St. Mary Medical Center for the cooperation extended to us during the course of our review. If you have any questions, please feel free to contact Tracie Fountain, CPA, Director, Bureau of Children and Youth Services Audits at 717-787-1159.

Sincerely,

Eugn f. O-Pasput
